LAND ACKNOWLEDGMENT

The properties that Greenbelt conserves are on the ancestral lands of the Pennacook and the Pawtucket, bands of Abenaki-speaking people.

For thousands of years, these inhabitants and their families fished, hunted, farmed, conducted ceremonies, and developed deep stewardship connections to these unceded lands and waterways.

Join us in honoring the elders who lived here before, the Indigenous descendants today and the generations to come.

- adopted by Greenbelt, 2022

DIVERSITY EQUITY INCLUSION

Hello Friends,

As I reflect on 2022, what really stands out is a growing feeling of reconnection. Greenbelt's work has always involved relationships, partnerships, collaborations; but during the pandemic, we had to learn to do our work remotely, distanced, isolated from each other. Being able to spend time with people again has made our work feel even more meaningful. To chat with colleagues after a meeting, to have coffee at a kitchen table, to walk a property with someone for the first time – these are great pleasures that we really missed.

Greenbelt recognizes that the work of land conservation has historically played a role in perpetuating social injustice and racial inequity. We are committed to considering historic and present inequities as we advance our conservation mission; to fostering a welcoming, inclusive and safe environment; and to accountability and action around diversity, equity, inclusion to enrich our organization and our work.

ecga.org/mission-values

We've also made an effort to connect with new communities across Essex County, learning from and exploring with people whose different experiences and interests are helping us strengthen our work. Collaborating with organizations whose focus may be public health, river protection, affordable housing or local food production helps us think about our own mission in new and exciting ways.

Even with its challenges, 2022 was a good year for Greenbelt. To mention just a few things, we launched the very popular GreenbeltGo trails app; opened some wonderful new properties; expanded our volunteer programs; and helped thousands of people get outside.

All of this is possible because of Greenbelt's wonderful community of members and supporters - individuals, organizations and companies that contribute time and money to help us achieve our mission. We couldn't do it without you!

From all of us at Greenbelt, thank you very much, and I hope to see you on the trails!

CAMP CREIGHTON

Conservation Restriction

A WIN-WIN for Kids and Conservation

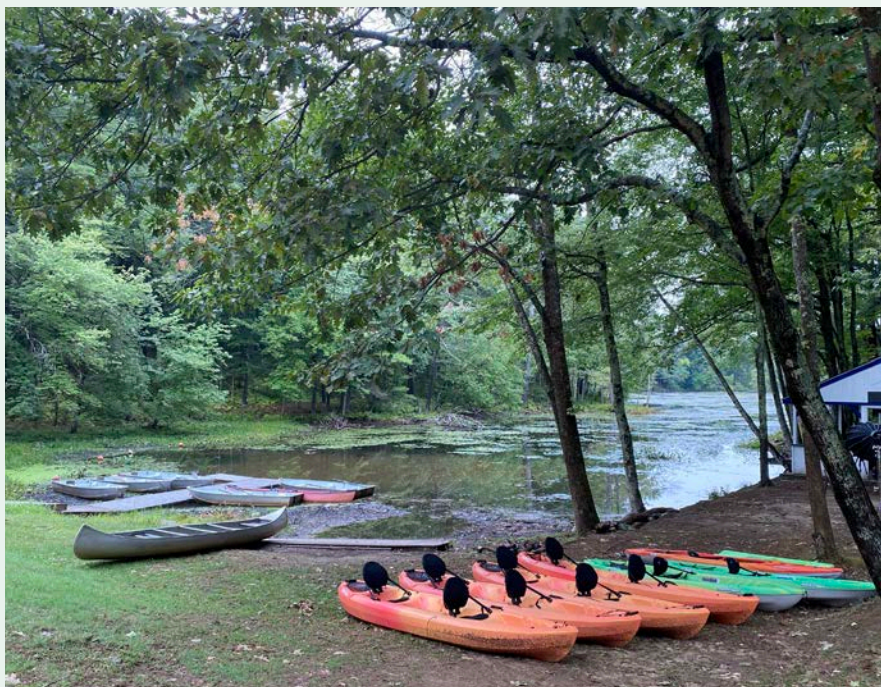

Greenbelt partnered with the Boys & Girls Club of Lynn to conserve the 112-acre Camp Creighton property in Middleton, MA . The property is home to Creighton Pond Day Camp, which welcomes hundreds of youth each summer for athletics, arts and crafts, and outdoor activities. In 1959, the property was donated to the Club by Albert and Margaret Creighton; their youngest son, Al, was a prominent supporter of the Club and of Greenbelt, and was an important figure in our region's land conservation movement.

Greenbelt purchased a Conservation Restriction (CR) on the Camp property, which protects it from development while allowing camp activities to expand and improve. The Club continues to own the property.

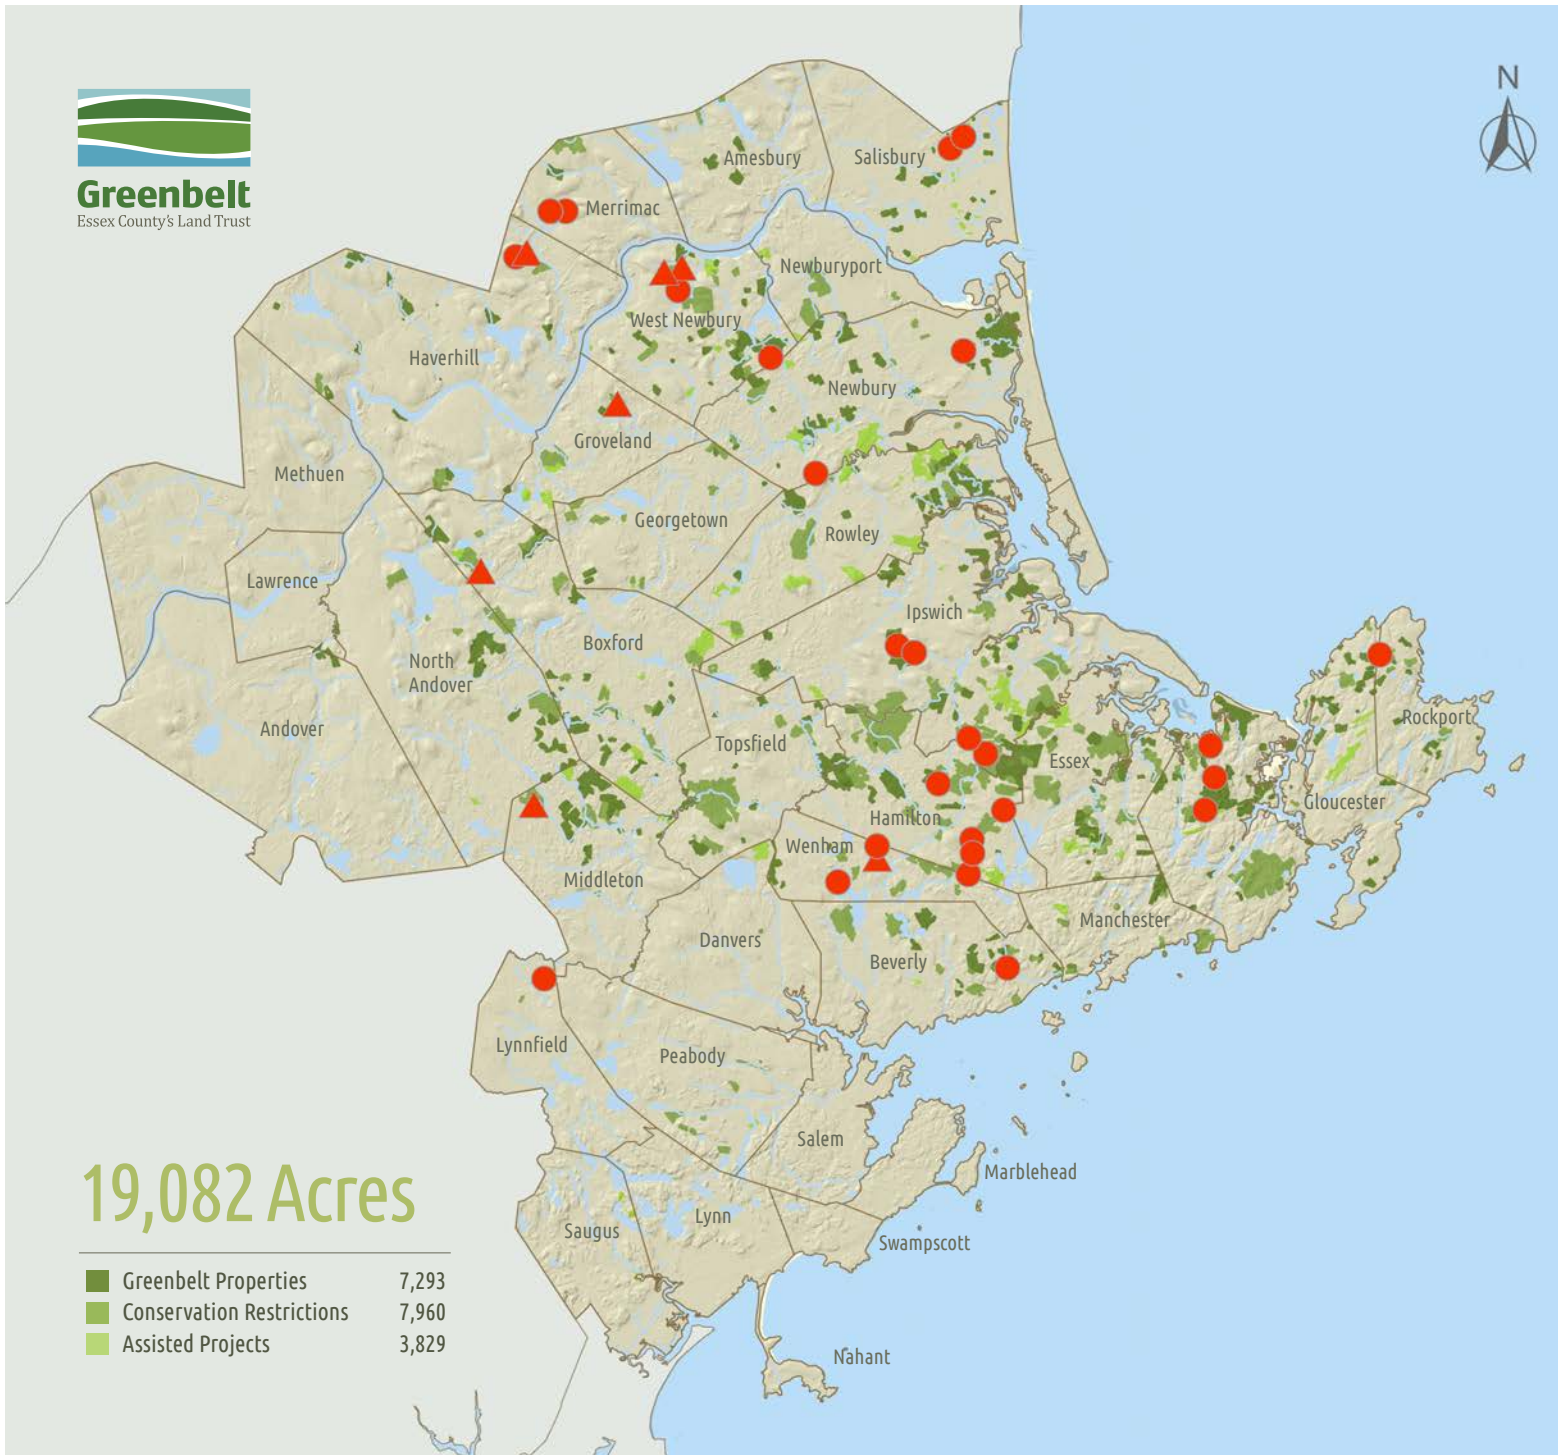

In September, the Club's Board of Directors and staff hosted a lunch at the camp for Greenbelt and members of the Creighton family to celebrate a wonderful partnership and a successful conservation project, both of which honor Al Creighton's legacy.

JERRY MONKMAN/ECOPHOTOGRAPHY.COM

Creighton Pond Day Camp welcomes hundreds of girls and boys, ages 6 through 14, from Lynn and Middleton each summer. Since the 1960's, the camp has provided thousands of youth the opportunity to engage in camp activities, develop leadership skills and enjoy the outdoors.

Sources of Operating Revenue

Expenses (From Draft 2022 Financial Statements)

Greenbelt's work is made possible by our many generous members and donors, whose individual contributions made up more than half of our 2022 operating budget.

Generous, ongoing commitment to Greenbelt's work and wise fiscal management left the organization in a strong financial position at the close of 2022.

*Financial position is from unaudited financial statements.
A copy of the 2022 audited financial statement will be available at the Becker Center for Conservation, Greenbelt's headquarters in Essex.*

CONSERVING LAND CLOSE TO HOME

"Essex County is a special place. Dynamic cities and unique towns share this region with farms and natural land in a wonderful mix. Greenbelt is incredibly grateful to have such a supportive community as we continue our work to conserve critical local land. Thank you!"

CORPORATE CONSERVATIONISTS

Local Businesses Lead by Example

Greenbelt's New Corporate Conservationist Program

In 2022, Greenbelt initiated the Corporate Conservationist program for local businesses who generously commit to more than \$20,000 in annual support. Institution for Savings and Cell Signaling Technology led the way, not only with generous financial commitment, but also with incredible volunteer support.

Thank you!
